PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience building responsive web applications using React, JavaScript, Node.js, and Express. Experienced in developing reusable UI components, integrating REST APIs, working with databases, and collaborating with development teams. Focused on writing maintainable code and delivering reliable, user-focused software solutions.

TECHNICAL SKILLS

Languages & Web JavaScript, Python, HTML5, CSS3	**Frontend** React.js, responsive UI, reusable components, UX/UI implementation
Backend Node.js, Express.js, RESTful API development	**Tools & Practices** Git version control, debugging, code reviews, teamwork, Progressive Web Apps
Databases SQL databases	**Development** Cross-browser compatibility, client-server integration

WORK EXPERIENCE

Full-Stack Developer
Jun 2025 – Present

X-Cart, Lagos

- Develop web application features using frontend technologies and server-side programming.
- Build responsive and interactive interfaces with cross-browser compatibility in mind.
- Optimise server-side code for performance and scalability to support smoother user experiences.
- Implement backend services using Node.js and Express.js to support scalable applications and data handling.

Full-Stack Developer
Nov 2025 – May 2026

Health Identity (HID), Ilorin

- Collaborated with backend developers to integrate APIs and support seamless data flow between client and server components.
- Used Git for version control and participated in peer code reviews to support code quality and team collaboration.
- Developed frontend features guided by modern UI/UX principles and accessibility considerations.
- Debugged and optimised frontend code to improve responsiveness and efficiency.
- Built modular React components to streamline development and encourage reusable code practices.
- Contributed to full-stack tasks across client-side and server-side applications.

Frontend Developer
Oct 2025 – Nov 2025

Buyfly, Lagos

- Collaborated with UX/UI designers to implement modern, accessible frontend designs.
- Built the FAQ section and supported a consistent experience across browsers and devices.

Frontend Developer
Oct 2024 – Feb 2025

Kolekto.com, Ilorin

- Collaborated with UX/UI designers to implement modern and accessible frontend designs.
- Participated in code reviews and debugging sessions to maintain code quality and follow team practices.
- Used Git for source control and collaborated with teammates throughout the development lifecycle.
- Implemented cross-browser-compatible frontend features for a consistent user experience.

Intern Apr 2024 – Aug 2024
Trachied HLX, Ilorin

- Worked collaboratively with the team to support project deliverables, with an emphasis on practical learning and software development principles.

EDUCATION & PROFESSIONAL DEVELOPMENT

BSc, Information Technology Sep 2025 – Oct 2028 (Expected)
University of Ilorin, Ilorin

Full-Stack Development Training Apr 2022 – Jul 2024
Genz Star Hub, Mowe

- Learned frontend development fundamentals, including HTML5, CSS3, and JavaScript, to build responsive web interfaces.

Independent Full-Stack Development Study Aug 2024 – Mar 2025
Self-directed learning

- Studied Node.js, Express.js, REST API design, React, Angular, responsive design, and client-server architecture.
